5000mAh

IPX4 Water Resistance⁸

When your phone is IPX4-grade waterproof, you don't need to worry about a little spill, or even a big one.

RAM Expansion

With so much RAM you'll be able to run all the apps, games, and videos you need. Our RAM Expansion can convert available ROM to RAM on-demand to support highly demanding apps and reduces lag⁵.

Upgrade Your Speed

The flagship 7-nanometer, 8 core 2.2GHz processor does more computing while using less power. A 5G powerhouse in your pocket, with speed you won't believe.

Project Your Style

Built to produce eye-catching, spectacular devices to delight every user, OPPO's unique process creates out-of-this-world shimmering colours.
